

EMILY X. SMITH

GRAPHIC DESIGNER

Art has always been my deepest passion and foremost vehicle of self expression, design is an extension of that. I believe that my desire to improve and to push myself beyond my limits is where my strength lies. My ultimate goal is to share my ideas through design and I often go beyond what is required of me so that if someone were to dig into my design, there would be intention and meaning in everything.

WORK EXPERIENCE

Arthur Elliott Marketing Group
2024
